## HISTORY

Bakul Chandra, having co-founded two very successful Architectural Design Firms namely : *Satsangi Chandra Design Consultants* in 1999 & *SCDC Associates* in 2006, formed *SCDC Associates Private Limited* along with Dushyant Kumar in 2009. Parul Agarwal & Varun Agarwal had been running their own Architectural Design firm namely : *Parul Varun Designs Private Limited* since 2005. Feeling the need for development of a more contemporary signature design character & fresh solution oriented approach which results in distinctive high-quality building structures and environments, all four of us joined hands in 2012 to start this enterprise ... where looking good only counts if it does good, too. Taking a cue from its legacy projects, Renascent Consultants has established itself as a well-known design firm for their path-breaking Healthcare, Educational & Institutional and Industrial projects apart from various residential and hospitality projects within a short period of time.

## THE FIRM

Founded in 2012, Renascent Consultants is an Architecture, Engineering, Interior & Landscape Design firm based out of New Delhi. We have stood by our aim to do extraordinary work, and are committed to take this legacy forward in future. Our focus and commitment is to provide designs, which are site sensitive and emphasize on being in harmony with nature. We ensure designs provide vibrant and warm spaces, which are socially responsive where people thrive and activities flourish. Our collaboration with the client is much deeper to develop the project brief and carries forward till the execution of the project. We are constantly questioning our belief and strive to make our buildings serve the users beyond their expectations. Led by a core team of experienced Architects & Engineers, the firm follows a rigorous design process to achieve their goals. The firm expertise is in various verticals ranging from Healthcare, Medical Education & Healthcare Planning – Technical Consultancy, University Educational Campuses & Institutes, Industrial Buildings & Complexes, Residential Townships/ Housing & Residences and Hospitality & Commercial Architecture. We, as members of the Indian Green Building Council (IGBC), are also putting in conscious efforts to contribute towards sustainable design and development. Reputed Engineering firms associate with us for preparation of Structural, Mechanical, Electrical, Air-conditioning, Plumbing & Fire, Green Building, Interior and Landscape Design(s).

## PHILOSOPHY / VISION

TIMELESS	To craft buildings that are contemporary, yet timeless. To use cutting edge technology and innovation to build environments that evoke awe and inspire.
SOCIALLY RESPONSIVE	To design socially responsive environments where people and activities thrive. To infuse spaces with vibrance and warmth by fostering a connect between the users and the outdoors.
ENVIRONMENTALLY HOLISTIC	To consciously design a building that is contextual, sustainable and environmentally holistic through careful articulation of form, materials, textures and proportions.

## ECONOMICAL & ROBUST

At the fundamental level, it is our aim to plan a feasible project that is structurally viable, follows building codes and regulations and is economical and robust.

We strive at achieving and creating living, breathing structures that are intelligent and self-sustainable. The firm is directed not so much by a look, or even a sensibility, but by the endlessly curious creative process that shaped it. Aiming to be a change agent to transform India's image to be showcased as a hub of post-modern avantgarde designs, we are driven by the intensity of architecture that we can produce, a quality that is almost indescribable - touching one's sense of imagination and chartering a connection to a place.

Our mantra has always been that 'free advice has no value' and there is no value without the right attitude, approach, thinking and ethics. These very principles have guided us throughout our professional journey. The business end is always taken care of if adherence to principles is not compromised. Accordingly, to be honest, our USP is that our fee is a small fraction of the savings we ensure for our clients rather than coming out from their pockets.

## COMPANY FACTS

- 60 Million Sq.ft. and counting.
- 4+ Global Locations.
- 96% Repeat Clientele.
- 150+ Clients and growing.

## KEY CLIENTS

We pride ourselves in building strong, lasting client relationships. Our 96% repeat CLIENTS are a testament to the value we add to them. Our clients span a wide array of industries ranging from Healthcare to Education to Industrial to Sugar Industry to Hospitality to Residential and many more.

- PARK Group of Hospitals • PARAS Healthcare • Metro Group of Hospitals • Graphic Era University • Graphic Era Hill University • Shri Guru Ram Rai Education Mission
- Mansarovar Group of Institutions • Patel Group of Institutions • SAM Group of Institutions • Shri Venkateshwara University • Sharda Group of Institutions • KSD Charitable Trust • Tantia University • Motherhood University • IIMT Group of Institutions • IDST Group of Institutions • Surya Carpets • Stanford Industries • Aloka Exports • NBCC Ltd. • CISF • PVVNL • Meerut Development Authority • DPMI Group of Institutions • Bhagwant Group of Institutions • Roto Pumps Ltd. • IL&FS • Migsun Group • Honda • Mahindra • Maruti Suzuki • Tata Motors

## EXPERTISE

### HEALTHCARE

We believe good designs benefit all participants - patients, doctors, staff, and of course Hospital Developers. To arrive at design solutions for our healthcare clients, we often derive innovative ideas from our expertise of other sectors like Education, Hospitality and Commercial. The benefit of working with a multi-disciplinary design firm is the ability to gather and translate understandings from these projects into usable information for the healthcare sector. Our designs are:

- **CONSCIOUS**  
Our designs of healthcare facility transcend to help patients' recuperate effectively, include safety and promote productivity & innovation. It is our focus to design carefully for all stakeholders for its entire life cycle.
- **PROCESS DRIVEN**  
We have a unique process to efficiently evaluate the best functional, cost and energy efficient strategies for integrating in a health care facility. We help formulate an optimum design brief with the flexibility to make the facility future proof.

- COMPLETE

We are focused to devise a solution which promote better health, than just healthcare. Our designs always strive towards reducing life cycle cost of the facility. A building which epitomizes healing in all senses.

Our New Generation Healthcare Design is focussed on: (i) Minimising cross-infection by having effective natural ventilation; (ii) Segregation of zones thorough segregation of general, semi-sterile & sterile zones; (iii) Nett Zero Energy Systems designs leading to huge savings in operation costs; (iv) Patient Centric Designs for faster healing with connection to nature and apt inter-connectivity of departments; and, (v) Serviceability & Engineering through apt location of services and maintenance areas.

Our integrated approach to Healthcare Design combines market assessments and feasibility studies, transaction advisory, and accreditation consulting to help healthcare institutions make informed decisions, strengthen operations, and elevate patient care quality.

## EDUCATION

Having designed more then 400 educational buildings, we have a very deep knowledge about what Educational Design needs to be. The same should be:

- MEMORABLE We believe in inspirational designs, with distinct spaces to create lasting impressions.
- TRANSCENDENT We create places where students, friendships and creativity thrives.
- CONNECTED TO NATURE Abundance of natural glare-free daylight and cross-ventilation, reducing energy consumption and creating a positive learning environment. We strive to make Net Zero buildings.
- RESILIENT We focus on creating robust, low maintenance, low construction and life cycle cost design solutions.
- SAFE Safety and harmony is of paramount importance in our designs. We focus on the students well-being in the learning environment.

Our institutional designs are always experiential so as to integrate functionality with sustainability. The ambitions of the students' needs to be realized in the architecture of the Institute. A student-centric design helps nurture and encourage the creative process, allowing for growth and evolution. A campus should put the creativity of its inhabitants first.

At RENASCENT CONSULTANTS, with our team of expert architects, strategists, engineers, planners and designers, your project will transcend all previous standards. Renascent Consultants is one of the few firms in India providing end-to-end single-window services from concept to commissioning. Our unique integrated approach combined with our in-house team of multi-disciplinary experts allows us to produce designs that are not just aesthetically superior, but functionally efficient, financially viable and conceptually marketable.

## SERVICES

- ARCHITECTURE
- URBAN DESIGN & MASTER PLANNING
- LANDSCAPE DESIGN
- INTERIOR DESIGN
- MEP&F ENGINEERING DESIGN
- STRUCTURAL & CIVIL ENGINEERING
- HEALTHCARE MANAGEMENT CONSULTANCY

## DESIGN OBJECTIVES & GOALS

### PROFIT MAXIMISATION: Smart CAPEX & OPEX

As designers, we aspire to work with you to strive and bring smart solutions, serve from Strategy through Build. We are mindful of CAPEX and OPEX; our designs are sensitive to your challenges and work towards Long Term Solutions. Our aim is to reduce recurring costs and speed up ROI through:

- Performance-based Equipment Selection
- Technology Integration

### OPTIMUM SPACE PLANNING

Our approach to space planning can provide a comprehensive picture of the overall area utilisation, which in turn can provide insight into the spending and help predict the operational cost during the building's life cycle.

### REDUCED COMPLEXITY

For users, workers and visitors, buildings can sometimes appear to be actual labyrinths: many services in one location, spread out over multiple levels, with a lot of traffic in the aisles; it's easy to get lost. As Designers, we provide solutions that not only direct the end-users but wayfinding is designed to be intuitive and instinctive, consequently improving total service quality.

### OPERATIONAL FLEXIBILITY

Our design process focuses on Modularity and Adaptability - which builds in resilience in facilities for future demands of change or expansions. We right-size the primary and secondary systems for modifications that can be integrated within the infrastructure, while furniture and casework modularity can remove limitations for change.

# LIST OF SELECTED PROJECTS

## HEALTHCARE

### MEDICAL COLLEGE & TEACHING HOSPITAL PROJECTS INCLUDING RESIDENTIAL BUILDINGS & ANCILLARY FACILITIES

Graphic Era Institute of Medical Science & Research and Hospital (1500 Beds), Dehradun (Uttarakhand)  
Mansarovar Medical College & MGU Hospital (750 Beds), Sehore (Madhya Pradesh)  
SGRR Institute of Medical & Health Sciences and Mahant Indresh Hospital (1600 Beds), Dehradun (Uttarakhand)  
NCR (formerly Mulayam Singh Yadav) Medical College and Hospital (750 Beds), Meerut (UP)  
Venkateshwara Institute of Medical Science and Hospital (1100 Beds), Gajraula (UP)  
Narayan Medical College & Hospital (900 Beds), Sasaram (Bihar)  
Sharda Medical College & Hospital (900 Beds), Greater Noida (UP)  
Gautam Medical College & Hospital (750 Beds), Ranchi (Jharkhand)  
SAM Medical College & Hospital (750 Beds), Raisen (MP)  
Patel Medical College & Hospital (750 Beds), Bhopal (MP)  
Apex Institute of Medical Science and Hospital (750 Beds), Mirzapur (UP)  
Mahaveer Medical College & Hospital (750 Beds), Meerut (UP)  
Teerthanker Medical College & Hospital (900 Beds), Moradabad (UP)  
Dr. SS Tantia Medical College & Research Centre and Hospital (750 Beds), Sri Ganganagar (Rajasthan)

### PRIVATE/ CORPORATE HOSPITAL PROJECTS

SGRR Super-speciality Hospital (600 Beds), Dehradun (Uttarakhand)  
Graphic Era Super-speciality Hospital (500 Beds), Dehradun (Uttarakhand)  
Mahant Indresh Hospital Extension (300 Beds), Dehradun Uttarakhand)  
Signature Super-speciality Hospital (300 Bed), Gurgaon (Haryana)  
Santom Hospital (300 Bed), Sonapat (Haryana)  
TMU Super-speciality Hospital (300 Bed), Moradabad (UP)  
Metro Heart Institute with Multi-speciality (Cancer Wing - 250 Beds), Faridabad (Haryana)  
Paras Super-speciality Hospital & Oncology Centre (215 Bed), Panchkula (Haryana)  
Park Hospital (250 Beds), South City – II, Gurgaon (Haryana)

Park Hospital (310 Beds), Chaukhandi, New Delhi  
Park Super-speciality Hospital (250 Beds), Ambala (Haryana)  
Park Hospital (250 Beds), Ambala (Haryana)  
Park Super-speciality Hospital (250 Beds), Rohtak (Haryana)  
Park Hospital (250 Beds), Jaipur (Rajasthan)  
Park Hospital (205 Beds), Panipat (Haryana)  
Park Hospital (205 Beds), Faridabad (Haryana)  
Park Super-speciality Hospital & Oncology Centre (250 Beds), Gorakhpur (UP)  
Sai Hospital (200 Beds), Bareilly (UP)  
Manavrakshak Hospital & Oncology Centre – Unit 1 (200 Beds), Faridabad (Haryana)  
Manavrakshak Hospital & Oncology Centre – Unit 2 (200 Beds), Faridabad (Haryana)  
Pimoli Super-speciality Hospital (175 Beds), Haldwani (Uttarakhand)  
LBM Super-speciality Hospital (175 Beds), Faridabad (Haryana)  
Migsun Hospital (165 Beds), Duhai, Ghaziabad (UP)  
IDST Mayo Hospital (150 Bed), Modinagar (UP)  
Sai Hospital (110 Bed), Haldwani (Uttarakhand)  
Venus Hospital (100 Beds), Chandausi (UP)  
Khandari Hospital (100 Bed), Rishikesh (Uttarakhand)  
MJ Hospital (100 Beds), Muzaffarnagar (UP)  
Aryavrat Hospital (100 Bed), Meerut (UP)  
Surya Hospital (75 Beds), Bhadoi (UP)  
Aanchal Hospital (75 Beds), Meerut (UP)  
Yadav Hospital (75 Beds), Gurgaon (Haryana)  
Dr. Bhupinder Kadiyan Hospital (75 Beds), Panipat (Haryana)  
Dr. Yashpal Yadav Hospital (75 Beds), Panipat (Haryana)  
JR Hospital (50 Beds), Greater Noida (UP)  
Park Hospital (50 Beds), Karnal (Haryana)  
Kidney & Urology Super Specialty Hospital (50 Beds), Rewari (Haryana)  
Karan Hospital (50 Beds), Bijnor (UP)  
Dr. Nagraj Hospital (50 Bed), Bijnor (UP)  
Dr. Saurabh Hospital (50 Bed), Sonapat (Haryana)  
Narayani Hospital (50 Beds), Muzaffarpur (Bihar)  
Aadhya9 Multi-speciality Hospital (50 Beds), New Delhi  
Neelkanth Hospital (35 Bed), Haldwani (Uttarakhand)

## EDUCATION & INSTITUTIONAL

### UNIVERSITY PROJECTS

INCLUDING ACADEMIC & RESIDENTIAL BUILDINGS AND ANCILLARY FACILITIES

Sharda University, Greater Noida (UP)  
Graphic Era University, Dehradun (Uttarakhand)  
Graphic Era Hill University, Dehradun (Uttarakhand)  
Graphic Era Hill University, Bhimtal (Uttarakhand)  
Graphic Era Hill University, Haldwani (Uttarakhand)  
Mansarovar Global University, Sehore (MP)  
Mansarovar Global University – Lord Venkateshwara Campus, Kuppam (AP)  
Shri Venkateshwara University, Gajraula (UP)  
SGRR University, Dehradun (Uttarakhand)  
Gopal Narayan Singh University, Sasaram (Bihar)  
GLNDA University, Greater Noida (UP)  
Madhyanchal Professional University, Bhopal (MP)  
Oak Hill Global University, Dehradun (Uttarakhand)  
DPMI University, Bilkhet, Pauri Garhwal (Uttarakhand)  
Venus University, Sambhal (Uttar Pradesh)

### ENGINEERING COLLEGE PROJECTS

INCLUDING ACADEMIC & RESIDENTIAL BUILDINGS AND ANCILLARY FACILITIES

Graphic Era Institute of Technology, Dehradun (Uttarakhand)  
Graphic Era Institute of Technology, Haldwani (Uttarakhand)  
Venkateshwara Institute of Technology, Meerut (UP)  
BMAS Engineering College, Agra (UP)  
Anand Engineering College, Agra (UP)  
Hindustan College of Science & Technology, Mathura (UP)  
Mewat Engineering College, Nuh (Haryana)  
IIMT Engineering College, Greater Noida (UP)

## DENTAL COLLEGE PROJECTS

Sharda Dental College, Greater Noida (UP)  
Mansarovar Dental College, Sehore (MP)

## NURSING COLLEGE PROJECTS

Sharda Nursing College, Greater Noida (UP)  
Venkateshwara Nursing College, Gajraula (UP)  
Graphic Era Deemed University – School of Nursing, Dehradun (Uttarakhand)  
Graphic Era Hill University – School of Nursing, Dehradun (Uttarakhand)  
Graphic Era Hill University – School of Nursing, Bhimtal (Uttarakhand)  
MJ College of Nursing, Muzaffarnagar (UP)  
Mansarovar Global University – School of Nursing, Sehore (MP)  
SGRR Nursing College, Kotdwar (Uttarakhand)

## AYURVEDA COLLEGE PROJECTS

Mansarovar College of Ayurveda, Sehore (Madhya Pradesh)  
Shri Venkateshwara University – School of Ayurvedic Medicine, Gajraula (UP)  
Venkateshwara Ayurveda College, Meerut (UP)  
MJ College of Ayurveda, Muzaffarnagar (UP)

## PHARMACY COLLEGE PROJECTS

Venkateshwara Institute of Pharmacy, Meerut (UP)  
Graphic Era University - School of Pharmacy, Dehradun (Uttarakhand)  
Mansarovar Global University – School of Pharmacy, Sehore (MP)

## EDUCATION COLLEGE PROJECTS

Dr. Sudha Avinash Foundation College of Education, Mahoba (UP)  
Jaya Prada Charitable Trust College of Education, Rampur (UP)  
Pandit Ramdev Foundation College of Education, Bah (UP)

Anand School of Education, Agra (UP)  
Venkateshwara Institute of Education, Meerut (UP)  
Padmawati School of Education, Meerut (UP)

#### OTHER INSTITUTIONAL PROJECTS

SGRR PG College, Dehradun (Uttarakhand)  
Graphic Era Hill University – School of Agriculture Sciences, Dehradun (Uttarakhand)  
Anand College of Architecture, Agra (UP)  
Faculty of Architecture, Graphic Era University, Dehradun (Uttarakhand)  
Faculty of Law, Graphic Era University, Dehradun (Uttarakhand)  
Shanti Devi Balika Inter-College, Etawah (UP)  
Shri Krishna Maritime Engineering Institute, Aligarh (UP)  
Dhanuka Institutions, Greater Noida (UP)  
BBA/BCA Institute, Bareilly College, Bareilly (UP)  
IT Building, Gopal Narayan Singh University, Sasaram (Bihar)  
Institutional Building, Haridwar (Uttarakhand)

#### SCHOOL PROJECTS

Graphic Era Global School, Dehradun (Uttarakhand)  
Delhi Public School (DPS), Gurugram (Haryana)
